## WHY CHOOSE LANDA'S PC

The PC is the toughest of Landa's direct-drive, cold water pressure washer line offering six models and cleaning power of up to 3500 PSI.

**QUALITY:** Only the highest quality components are used on the PC, including most models carrying the tri-plunger high-pressure Landa pump with 7-year warranty, industrial-duty Honda or Subaru engines with 2-year warranty, durable 10-gauge steel frame, and insulated point-and-shoot wand for cleaning effectiveness. In addition to being certified to the rigid UL-1776 safety standards, the PC has a 24-inch hose guard for burst protection and pictogram operating instructions for owner liability assurance. Also, the PC is assembled in a factory certified to the internationally recognized ISO-9001 quality manufacturing standards.

**CONVENIENCE:** A number of features make the PC especially popular with users who seek to reduce their cleaning time. For instance, there are nickel-plated handles on both front and back for easy vehicle loading. The tubed pneumatic tires make for easy maneuvering in any terrain and the shock-absorbing rubber feet keep the PC from "walking" while in operation. The E-Z start valve (on models of 9hp or more) allows for resistance-free pull starting of the engine.
